INDEPENDENT ACCOUNTANT'S REVIEW REPORT

The Board of Directors
Together Georgia Provider Alliance, Inc.
Atlanta, Georgia

I have reviewed the accompanying financial statements of Together Georgia Provider Alliance, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2017, and the related statements of activities, changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, I do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

My responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require me to perform procedures to obtain limited assurance as a basis for reporting whether I am aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. I believe that the results of my procedures provide a reasonable basis for my conclusion.

Accountant's Conclusion

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

NOTE 1: ORGANIZATION, OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(C)Basis of Presentation:

These financial statements are presented on the accrual basis of accounting in accordance with generally accepted accounting principles. These statements reflect application of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). Under these standards, all contributions are immediately recognized as revenue as soon as pledged (or if not pledged when received) regardless of any restrictions on use placed by the contributor. The basic financial statements are then shown divided into three net assets groups. These are:

Unrestricted Net Assets:

All assets who either have no imposed restrictions on use or whose restrictions have been met by December 31, 2017.

Temporarily Restricted Net Assets:

All contributions by foundations and individuals with restrictions on use that have not been met by December 31, 2017 (none here).

Permanently Restricted Net Assets:

All contributions with permanent restrictions on use that, by definition, will never be met (none here).

(D)Income Taxes:

Together Georgia Provider Alliance, Inc. is exempt from income taxes under Section 501 (c) of the United States Internal Revenue Code. During the year, Together Georgia Provider Alliance, Inc. had no unrelated business income as defined by Section 512 of the Code and, therefore no provision for income tax is necessary.

Together Georgia Provider Alliance, Inc. adopted the income standard related to the recognition and measurement of uncertain tax positions. The adoption of this standard had no financial statement effect for Together Georgia Provider Alliance, Inc. Together Georgia Provider Alliance, Inc. is no longer subject to federal tax examinations for the years prior to 2014 and no longer subject to state income tax examinations for the years prior to 2014.

(E)Fixed Assets:

Fixed assets are carried at cost. When assets are retired or otherwise disposed of, the cost and accumulated depreciation are removed from the accounts, and any resulting gain or loss is reflected in income for the period. The cost of maintenance and repairs is charged to income as incurred; significant renewals and betterments are capitalized. Depreciation is being provided on the straight-line method over the useful lives as shown below:
